WHO WE ARE

TMD is the total solution for manufacturing and supply chain management. Our offices in Pittsburgh, PA and China give us total clarity and insight into the entire cost analysis and supply chain management. Our stellar reputation and proven track record for top-tier results have made us the go-to for global brands and companies who trust TMD to obtain the custom solutions to meet specific product needs.

WE BELIEVE IN GIVING BACK

TMD has had the wonderful opportunity to be able to give back to the community during this difficult time. We have assisted numerous healthcare systems as well as regional hospitals and senior living centers to get access to critical supplies that they were not able to. Donations to essential businesses such as shipping companies and grocery stores have been some of the many people we have been able to help during this time.
